Bird Conservation Society, Gujarat (BCSG) was founded in 2000 with the objective of conservation of birds of the State through field research, documentation, training, awareness activities, networking with like-minded NGOs; and lobbying for protection of birds and their habitats. It is the only statewide network of bird-watchers, ornithologists and conservationists of Gujarat striving to achieve the above goal.

BCSG brings out a quarterly bulletin – 'Flamingo'. Articles, notes on bird-life of Gujarat, interesting bird sightings, knowledge about important bird areas, information / appeal regarding conservation issues are published in 'Flamingo'. For publication of articles/notes in the Flamingo, both the common English and scientific names must be given when a bird species is mentioned for the first time and later references, common English name only. Common English and scientific names should follow Richard Grimmett, Carol Inskipp and Tim Inskipp (2011), Birds of Indian Subcontinent, Second edition. Oxford University Press, New Delhi. If the nomenclature is adopted from other source, full reference should be given.
